"I moved to Cincy from an area with great Vietnamese and Thai food and I was a little worried I wouldn't find it here. I was wrong. Cilantro is fantasitic. The food is authentic and the service is fantastic. If it's your first time eating Vietnamese, the waitstaff are very friendly and knowledgeable and more than willing to help you make a decision." ~metromix.com Review

EAT WELL. EAT FRESH. EAT OFTEN.

*With increasingly busy lives, we often forget the value of fresh, healthy food. Most times, grabbing a greasy burger is the easiest option. It doesn't have to be that way, however. Welcome to Cilantro: a place where you can enjoy fresh, high quality food at a reasonable price.*

*Growing up poor, my family never had filet mignon or lobster tail for dinner; but my mom was always able to make a delicious meal with what we had. Sometimes it wasn't much, but my family and I always enjoyed it because we ate dinner together. That is why I am a firm believer that food is more than just food; it is the bond that brings families and friends together. My goal when opening Cilantro was to create an atmosphere where families and friends can create those same bonds, all while enjoying the great food that I grew up eating with my family.*

*So sit back and relax. We are confident that you will enjoy the food as much as we enjoy making it.*
